GO Barcelona Housing Options

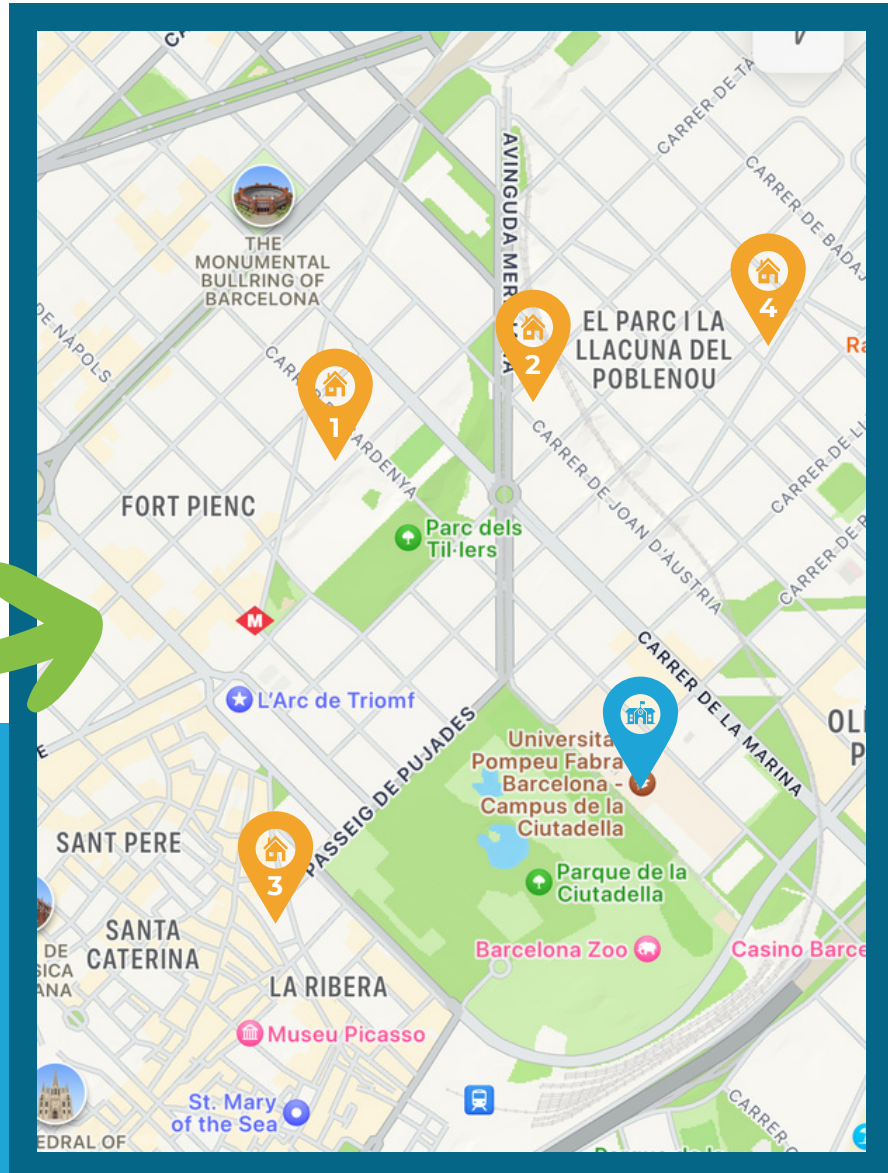

Housing Overview and Policies

The four housing options for GO Barcelona students are all in central Barcelona. Each location has wifi, single rooms, private bath, air-conditioning, 24/7 support and are walking distance to campus. LeadAbroad staff will live at each location to provide additional support for students.

Use the information below to rank your accommodation preferences. Please keep in mind that accommodation requests will be reviewed in priority order, based on program deposit date.

Housing Overview and Policies

Housing Deposit

All students must pay a \$250 housing deposit to secure their accommodations and room request. The deposit will be held for any room damages or housing fines that are incurred during the program. If a student incurs a fine that is deducted from their deposit, they will be notified via email. If the fine charged exceeds \$250, an additional invoice will be issued to the student and their emergency contact and must be paid immediately upon issuance. Failure to do so will result in additional consequences including being removed from the program. The balance of each students' deposit will be returned to the original method of payment within 45 days of the program's completion.

Curfew

Students do not have a curfew on the program. Students should be respectful of their neighbors and roommates by keeping the noise down during the hours of 10pm-8am.

Keys

Each student will be given a key to the residence. This is for their use only and should not be loaned to anyone else. Replacement of a lost key could result in a fee.

Weekend Check-In/Out

Students are required to sign-out with the Program Director if they leave the program city and sign-in upon return.

Utilities

All water, utilities, taxes and fees are included.

Room Damages

Students will be responsible for any damages they cause on the property, which include their room and common spaces. Students will be required to pay for the damages within 10 days of notice. Grades will be held until payment is complete.

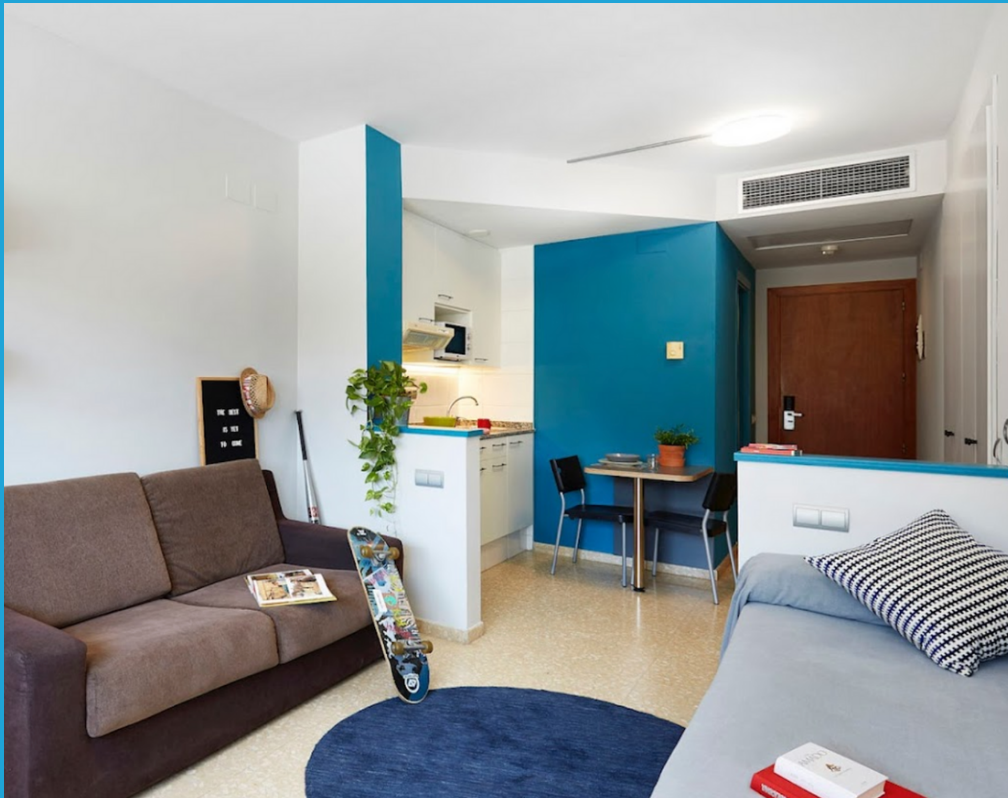

Respect and Quiet Hours

Students should be respectful of other students on the property and the staff. Students need to be aware that the etiquette in another country might differ from their norm; however, it is very important that they remember that we are guests. Any form of disrespect will not be tolerated. Students should also be mindful of their neighbors and keep their voices down between the hours of 10pm-8am.

Housing Requests

Housing requests will be submitted on the housing form and are due in February. LeadAbroad works to honor as many requests as possible and prioritizes requests based on the date of initial deposit. Once placed in a room, students are not allowed to switch rooms or move to a different dorm. If two students on the program are having a difficult time resolving a conflict, the Program Director will arrange a mediation session.
